Tangier 003 Sideboard

Design by Sotiris Lazou
design studio

A sideboard that combines different forms, shapes and materials, while being at the same time functional and aesthetically contemporary.

The monochromatic element and the special link between the cabinet and the base, is what makes this piece unique.

Tangier 011 Lowboard

Design by Sotiris Lazou
design studio

The tangier lowboard comes to complete the collection, as it offers the functionality a lowboard does, while keeping the design alive.

It serves as a TV unit, but with more storage space, in order to satisfy both the practical and the aesthetic needs.

Ka-bera 009 Highboard

Design by Sotiris Lazou
design studio

Our iconic ka-bera 003 sideboard, is now ready to glam in its new form, as a highboard/bar. The exceptional design with the functional interior structure, the led lighting and the refined details, are some of the features that make this product ideal.

O-rizon d 006 Low Table

Design by Sotiris Lazou
design studio

The success of the o-rizon round low tables, is now developed into a two-level low table, where the upper top is always glass.

A simple yet elegant low table with the possibility of applying different materials on the lower top. It comes in two shapes, rectangular and square, and is here to satisfy every need.

Dakry c 001 Dining Table

Design by al2 Lab

The new al2 dining table highlights the round forms and the luxury element. The metal paint on the base in combination with the gold ceramic on top, makes it ideal for the bold and daring ones.
